

**The U.S. Department of Energy  
Office of Legacy Management  
Is Hosting A Public Meeting To Discuss the Annual  
Inspection of the Weldon Spring, Missouri, Site**

An informational session will be held at the Weldon Spring Site Interpretive Center to discuss the *2005 Annual Inspection Report for the Weldon Spring, Missouri, Site*, and activities that have occurred since last year's meeting.

DOE also wants to notify the public that the CERCLA Five-Year Review is underway for the Weldon Spring Site. This review evaluates the effectiveness and protectiveness of the remedies that have been implemented at the site.

The Interpretive Center is in southwestern St. Charles County, Missouri, approximately 35 miles west of St. Louis on Missouri State Route 94, two miles south of the Route 94 and U.S. Highway 40/61 junction.

**Time: 7:00 p.m. to 9:00 p.m.**

**Date: April 11, 2006**

**Place: Weldon Spring Site Interpretive Center  
7295 Hwy. 94 South  
St. Charles, MO 63304**
